## ABOUT THE GLOBAL SUMMIT

The **Global Summit on Sustainability** is a path breaking international event that aims to bring together leaders, experts, policymakers, entrepreneurs, Startups, investors, MSMEs, Eminent Scientists, Academicians, Researchers and students and stakeholders from around the world to discuss and address the global challenges related to sustainability. The summit serves as a platform for dialogue, collaboration, and sharing of innovative ideas and best practices aimed at promoting a more sustainable future for our planet.

During the summit, participants will engage in knowledge communication through presentations and panel discussions that cover a wide range of topics including Decarbonization Sustainability, Waste to wealth, plastic recycling, waste to energy and much more.

The **Global Summit on Sustainability** is being co-organized by Shriram Institute-Technology Business Incubator (SRI-TBI), a part of Shriram Institute for Industrial Research (SRI), in collaboration with a leading industrial Chamber **MSME Chamber of Commerce & Industry of India (MSMECCII)** and **Services Export Promotion Council (SEPC)**, on **23rd -24th November 2023 at Vigyan Bhawan, New Delhi, India**. It will feature a variety of stakeholders, who will discuss, exhibit, and deliberate on this global issue and recommend evidence-based implementation strategies.

**SRI -TBI** is a Technology Business Incubator that offers services in the manufacturing sectors of plastics, rubbers, specialty chemicals, and waste management with the goal of promoting and contributing to the growth of indigenous industry and economy by cultivating the entrepreneurial spirit and encouraging innovation. **SRI** is an independent, self-sustaining, non-profit, multidisciplinary contract research Institute dedicated to developing, innovating, analyzing, and applying technology for products and processes for industry, government agencies, and other organizations.

**MSMECCII** is committed to strengthening the global business community by assisting and supporting knowledge exchange to help businesses grow, thereby facilitating industrial growth and innovation on a global scale.

**SEPC** was established by the Ministry of Commerce and Industry with the mission of enabling worldwide commercial possibilities for India's services industry and facilitating service exports. and serving as a bridge between government and industry in order to give policy inputs and address industrial challenges.
