Shriram Institute-Technology Business Incubator (SRI-TBI) has been promoted by the Department of Science & Technology (DST), Ministry of Science & Technology, Government of India to provide multi-dimensional services to entrepreneurs in the fields of Rubber & Plastics Processing, Manufacturing of Specialty Chemicals and Waste Utilization for making value added products.

SRI-TBI offers services by facilitating the process of converting knowledge-based and technology-driven innovative ideas of startup entrepreneurs into business through incubation. All types of technical assistance are provided to the incubatees during the incubation period for capability and capacity building in their areas of interest. Besides assisting new entrepreneurs, existing industries are also supported for improving their competitiveness in respect of product quality, price, output, energy input and process waste utilization.

SRI-TBI facility is equipped with state-of-the-art polymer processing equipment & analytical instruments. The services provided to the Incubatees are summarized below:

### Technology Scrutiny
- Viability
- Innovation
- Competitiveness
- Patentability

### Project Detailing
- Process Development.
- Specification Finalization.
- Designing and Identification of Plant and Machinery.
- Validation of Product/Process.
- Process/Product Optimization.

### Prototype Development for Market Feedback
- Providing a Platform for Launching the product in the Market.
- Facilitating and Promoting the Product Through Liaisoning with Potential Buyers.
- Match Making or Facilitating Tie-ups with Prospective Partners.

### Facilitating Project Funding by
- Ministry of Micro, Small & Medium Enterprises (MoMSME)
- Technology Information, Forecasting and Assessment Council (TIFAC)
- Department of Science & Technology (DST)
- Private/Public financial Institutions and Angel Investors

### Infrastructural Support
- Fully Furnished Office with Dedicated Internet Facilities.
- Shared Resources like Discussion Room, Conferencing Facility, Engineering Workshop etc.
- Business Networking Support.
- Telecommunication.
- Administrative and Secretarial Support.
- Access to Pilot Scale Machinery/Equipment.
